1952 INVESTMENT PLAN FOR THE FOOD INDUSTRY (German; 38 pp; [REDACTED] 1951)

25X1A

25X1A This photostatic document, dated [REDACTED] ^(consists of) 1951, ~~and~~ tables showing the investment plans prepared by the State Planning Commission under the 1952 Economic Plan for the GDR. These investment plans cover the Industry Branch HV II, Plant Products, of the State Secretariat for the Food, Tobacco, and Beverage Industry. The document is divided into four parts.

Part I, 8 pages, is a tabular report on the investment amounts to be allocated, broken down by Laender and enterprises. The tables also show purposes of the investments, such as for sugar, starch, and grain.

Part II, 6 pages, ^(consists of) ~~and~~ tables showing the capacity increases to be realized in 1952. These tables are also broken down by Laender and enterprises. They include confections, sugar beets, and potatoes for starch.

Part III, 13 pages, is a tabular report showing investments in the different enterprises in more detail, such as what type of installation or machinery is to be purchased.

Part IV, 11 pages, ^(consists of) ~~and~~ further tables showing investments by enterprises and Laender, giving specifications on the costs of investments. The investments are divided into construction work, assembly work, equipment, and other expenses.
